

# Transforming RBARI's Facilities TO SAVE MORE LIVES

*Expanding Care, Improving Lives, Saving More Animals*

**TODAY**

**WHAT YOU MAKE POSSIBLE**

## TRANSFORMING RBARI'S FACILITIES THE VISION

**RBARI envisions a future where every homeless animal has the chance to heal, thrive, and find a loving home.**

For over 40 years, RBARI has been a safe haven for animals in our community. As northern New Jersey's leading no-kill shelter, we provide lifesaving rescue, medical care, rehabilitation, and adoption services to thousands of animals each year. From local surrenders and cruelty cases, to urgent medical rescues and community outreach programs, the demand for our help continues to grow.

**To meet that growing need, our facilities must evolve.**

While our team provides exceptional care despite a limited and outdated space, our current kennel environment can be loud, overstimulating, and especially challenging for animals who need time to heal, decompress, and feel safe. The goal of this project is to transform our current outdoor kennel space into a calmer, healthier, climate-controlled environment designed to reduce stress, improve recovery, and help more animals show their best selves on the path to adoption.

ANIMALS EVERY MONTH

find safe refuge at RBARI

## GROWING NEEDS, GREATER POSSIBILITIES

For more than 40 years, RBARI has been a safe haven for local animals in need - offering shelter, healing, and second chances to the most vulnerable in our community. But as demand for rescue continues to rise, our current facilities are no longer equipped to support the level of care these vulnerable animals deserve.

- Current kennels are **loud, overstimulating, and outdated**
- **No decompression space** for fearful or newly arrived dogs
- **Stress impacts** behavior, health, and adoptability
- Drainage and sanitation challenges increase illness risk
- Capacity limitations mean fewer lives can be saved

*To continue our mission of rescue → recovery → adoption, our facilities must evolve.*

## BUILDING HOPE PHASE 1: KENNEL EXPANSION & TRANSFORMATION

### The Solution (Phase 1)

- 8 new climate-controlled indoor/outdoor kennel runs
- Enclosing and transforming current outdoor runs
- Expanded footprint for increased capacity
- Improved sanitation, drainage, and ventilation
- Designed to reduce stress and support healing
- Better recovery, behavior, and adoptability

*Phase 1 allows construction to begin while shelter operations continue uninterrupted.*

## EXPANDING CARE, IMPROVING LIVES **BENEFITS**

Every design decision is centered around one goal: improving the lives of the animals in our care. From reducing stress and illness to increasing adoptions, these new spaces will create a healthier, safer and more comfortable space for both the animals and the people who care for them.

-  **A Happy Dog is an Adoptable Dog.** Calmer spaces reduce stress and help dogs show their best selves.
-  **Faster Healing & Recovery.** Quieter spaces support medical cases, seniors, and dogs recovering from trauma, illness or injury.
-  **More Lives Saved.** Healthier, happier dogs move into homes sooner, allowing RBARI to take in more animals in need.
-  **Safer, Cleaner Spaces.** Improved drainage, sanitation, and double-sided runs reduce illness spread and improve comfort.
-  **Fear Free Daily Care.** Double-sided kennels allow dogs to remain comfortable and secure while staff clean and sanitize their space.
-  **Room to Grow.** Phase 1 creates 8 new indoor/outdoor runs and allows for future renovation of the main kennel.

*For dogs like Diesel, a calmer space means the chance to finally show the loving personality hidden beneath the stress of shelter life.*

# CAMPAIGN GOAL / BUDGET

We are raising \$300,000 to complete Phase 1 of our Kennel Expansion Project and create a safer, healthier environment for the animals in our care.

**PHASE 1 GOAL \$300,000**

THIS INVESTMENT WILL ALLOW US TO:

- Expand from 4 outdoor runs to 8 climate controlled indoor/outdoor kennels
- Enclose and weatherproof current outdoor runs
- Improve safety, sanitation, and comfort
- Give more animals the chance to heal, recover, and find their forever homes

**MATCHING GIFT OPPORTUNITY**

Thanks to a generous supporter, every dollar donated now will be matched up to: **\$100,000!**

## WHAT IT COVERS

**Indoor / Outdoor Kennels**  
8 new climate-controlled spaces for healing and adoption.  
**\$75,000**

**Flooring, Drainage & Sanitation**  
New kennel flooring and new drainage systems.  
**\$65,000**

**Plumbing & Waste Systems**  
Upgraded plumbing and waste systems to support daily care and sanitation.  
**\$23,000**

**HVAC & Ventilation**  
Installation of heating, cooling and ventilation for year-round comfort  
**\$50,000**

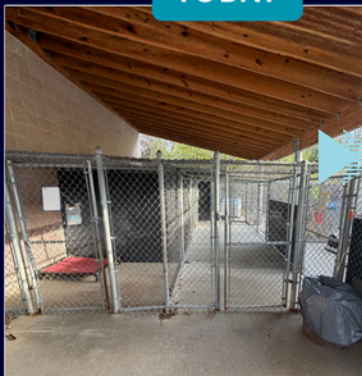

**Structural & Safety**  
Construction, enclosure, fire safety, alarm and code compliance.  
**\$57,000**

**Project Planning & Permits**  
Design, permits and oversight for safe completion  
**\$30,000**

**Total PHASE 1 Goal \$300,000**

# SPONSORSHIP OPPORTUNITIES

## FACILITY TRANSFORMATION SPONSOR

**\$100,000**

Support the transformation of RBARI's facilities, helping create the foundation for lifesaving care and future growth.

-  Naming recognition for new building
-  Prominent custom naming plaque on the front of the new building
-  Premier recognition on the campaign donor wall (lobby)
-  Featured story in RBARI email, social media and website
-  Recognition across RBARI email, social media and website
-  Private behind the scenes tour of the renovated facility

## SAFE HAVEN WING SPONSOR

**\$50,000**

Support the creation of a dedicated kennel wing designed to provide safe, structured space for dogs in our care.

-  Naming recognition for primary kennel wing
-  Prominent custom naming plaque in the kennel wing
-  Recognition on the campaign donor wall (lobby)
-  Featured story in RBARI email and social media
-  Recognition across RBARI email, social media and website
-  Private behind the scenes tour of the renovated facility

## NEW BEGINNINGS SPONSOR

**\$25,000**

Support the development of the indoor/outdoor kennel area where dogs can decompress, recover, and prepare for adoption.

-  Naming recognition for the indoor / outdoor kennel
-  Prominent custom naming plaque in the indoor / outdoor kennel
-  Recognition on the campaign donor wall (lobby)
-  Featured story in RBARI email and social media
-  Recognition across RBARI email, social media and website
-  Private behind the scenes tour of the renovated facility

## HEALING HAVEN KENNEL SPONSOR

**\$10,000**

Sponsor a kennel dedicated and designed specifically for senior dogs or dogs with special medical or behavioral needs.

-  Custom plaque with dedication on the kennel
-  Recognition on the campaign donor wall (lobby)
-  Recognition across RBARI email, social media and website
-  Private behind the scenes tour of the renovated facility

## SECOND CHANCE KENNEL SPONSOR

**\$5,000**

Sponsor a kennel that provides a safe, comfortable space for dogs as they begin their journey toward adoption.

-  Custom naming plaque on the kennel
-  Recognition on the campaign donor wall (lobby)
-  Recognition across RBARI email, social media and website
-  Private behind the scenes tour of the renovated facility

## RESCUE CHAMPION **\$1,000**

Support the ongoing care and wellbeing of animals in our shelter.

-  Recognition on the community recognition plaque (kennel space)
-  Recognition across RBARI email, social media and website
